

## Manuscript Read Comments

**General Comments:** [to be added after the tables below are completed]

**Text:** Here are discrepancies we see between your edited Text and the base MS. Please review and correct your Text accordingly. We've checked line numbers and catchphrases for all the T-Notes. NB: If your Text is prose, for any new notes you add, please highlight in **blue** the corresponding catchphrase in the Text. This is only for prose Texts; do not highlight anything when adding notes to verse Texts.
